Featured editorial

- 679** Evolution of the definition of myocardial infarction: what are the implications of a new universal definition?
H D White

Editorials

- 685** Should we monitor platelet function during antiplatelet therapy?
P Hjerdahl
- 688** Relevance of platelet activation in obstructive hypertrophic cardiomyopathy
P Elliott
- 690** How stiffening of the aorta and elastic arteries leads to compromised coronary flow
M F O'Rourke
- 692** Time to rethink high-density lipoprotein?
S Wild, C D Byrne
- 695** Identifying patients with familial hypercholesterolaemia in primary care
S E Humphries, G Hadfield

Global burden of cardiovascular disease

- 697** Epidemiology of stroke and high blood pressure in Africa
G A Mensah

Review

- 706** Targeting residual cardiovascular risk: raising high-density lipoprotein cholesterol levels
D J Hausenloy, D M Yellon

Viewpoint

- 715** The new American Heart Association guidelines on the prevention of infective endocarditis: culmination of a long process of thought
X Duval, C Leport, N Danchin

Original articles

Acute coronary syndromes

- 717** The cost-effectiveness of an early interventional strategy in non-ST-elevation acute coronary syndrome based on the RITA 3 trial
M Henriksson, D M Epstein, S J Palmer, M J Sculpher, T C Clayton, S J Pocock, R A Henderson, M J Buxton, K A A Fox
- 724** Raised interleukin-10 is an indicator of poor outcome and enhanced systemic inflammation in patients with acute coronary syndrome
A Mälarstig, P Eriksson, A Hamsten, B Lindahl, L Wallentin, A Siegbahn
- 730** Infarct size by contrast enhanced cardiac magnetic resonance is a stronger predictor of outcomes than left ventricular ejection fraction or end-systolic volume index: prospective cohort study

E Wu, J T Ortiz, P Tejedor, D C Lee, C Bucciarelli-Ducci, P Kansal, J C Carr, T A Holly, D Lloyd-Jones, F J Klocke, R O Bonow

- 737** Sudden coronary death, fatal acute myocardial infarction and widespread coronary and myocardial inflammation
A Abbate, R Bussani, G Liuzzo, G G L Biondi-Zoccai, E Barresi, P Mellone, G Sinagra, A Dobrina, F De Giorgio, R Sharma, F Bassan, A Severino, F Baldi, L M Biasucci, F Pandolfi, F Silvestri, G W Vetovec, A Baldi, F Crea

Coronary artery disease

- 743** Residual platelet activity is increased in clopidogrel- and ASA-treated patients with coronary stenting for acute coronary syndromes compared with stable coronary artery disease
T Geisler, M Kapp, K Göhring-Frischholz, K Daub, C Dösch, B Bigalke, H Langer, C Herdeg, M Gawaz

Heart failure and cardiomyopathy

- 748** Perception of symptoms is out of proportion to cardiac pathology in patients with "diastolic heart failure"
L Ingle, J G F Cleland, A L Clark

Epidemiology

- 754** Identifying patients with familial hypercholesterolaemia in primary care: an informatics-based approach in one primary care centre
J Gray, A Jaiyeola, M Whiting, M Modell, A S Wierzbicki

Valvular heart disease

- 759** Left atrial remodelling early after mitral valve repair for degenerative mitral regurgitation
F Antonini-Canterin, R Piazza, E Leiballi, G L Nicolosi, C C Beladan, B A Popescu, C Ghingina, A C Popescu, B Zingone

Endothelial function

- 765** Myocardial bridging is related to endothelial dysfunction but not to plaque as assessed by intracoronary ultrasound
J W Kim, H S Seo, J O Na, S Y Suh, C U Choi, E J Kim, S-W Rha, C G Park, D J Oh

MORE CONTENTS ►

This article has been chosen by the Editor to be of specialist interest or importance and is freely available online.

Articles carrying the Unlocked Logo are freely available online under the BMJ Journals unlocked scheme. See <http://heart.bmj.com/info/unlocked.dtl>

www.publicationethics.org.uk

This journal is a member of and subscribes to the principles of the Committee on Publication Ethics

Molecular biology and genetics

- 770** Monocyte toll-like receptor 2 and 4 responses and expression following percutaneous coronary intervention: association with lesion stenosis and fractional flow reserve

D Versteeg, I E Hofer, A H Schoneveld, D P V de Kleijn, E Busser, C Strijder, M Emons, P R Stella, P A Doevendans, G Pasterkamp

Basic research

- 777** In vivo optical coherence tomography of experimental thrombosis in a rabbit carotid model

L Meng, B Lv, S Zhang, B Yv

Technology and guidelines

- 781** Cardiac CT and CT coronary angiography: technology and application

W T Roberts, J J Bax, L C Davies

Featured correspondence

- 793** Letters

Education in heart

- 795** Acute pulmonary embolism revisited

S V Konstantinides

- 803** Imaging the right ventricle

G F Greil, P Beerbaum, R Razavi, O Miller

- 809** Cardiovascular nuclear imaging: from perfusion to molecular function

T Higuchi, F M Bengel

Summary of electronic pages

- 817** These papers are available in full in the electronic pages of this issue of *Heart*

JournalScan

- 818** Cardiovascular highlights from non-cardiology journals

Images in cardiology

- 753** Artefactual limitations of magnetic resonance imaging in the diagnosis of recoarctation of the aorta

S Salam, S Myerson, N Wilson

- 776** Unilateral pulmonary vein stenosis secondary to idiopathic fibrosing mediastinitis

D P Leong, B K Dundon, P M Steele

- 794** Live three-dimensional echocardiography of cor triatriatum in a child

M Vogel, J M Simpson, D Anderson

Miscellanea

- 694** Web Top 10

Electronic pages

- e19** European National Society Cardiovascular Journals. Background, Rationale and Mission Statement of the "Editors' Club" (Task Force of the European Society of Cardiology)

F Alfonso, G Ambrosio, F J Pinto, E E Van der Wall

- e20** Possible link between large artery stiffness and coronary flow velocity reserve

M Saito, H Okayama, K Nishimura, A Ogimoto, T Ohtsuka, K Inoue, G Hiasa, T Sumimoto, J Higaki

- e21** Obstructive hypertrophic cardiomyopathy is associated with enhanced thrombin generation and platelet activation

P P Dimitrow, A Undas, M Bober, W Tracz, J S Dubiel

Subscription Information

Heart is published monthly; subscribers receive all supplements and Education in Heart
ISSN 1355-6037 (print); 1468-201X (online)

Institutional Rates 2008

Print
£456; US\$866; €675

Online

Site licences are priced on FTE basis and allow access by the whole institution. Print is available at deeply discounted rates for online subscribers; details available online at <http://group.bmj.com/group/subs-sales> or contact the Subscription Manager in the UK (see above right)

Personal print or online only and institutional print subscriptions may be purchased online at <http://group.bmj.com/group/subs-sales> (payment by Visa/Mastercard only)

Residents of some EC countries must pay VAT; for details, call us or visit www.bmj.com/subscriptions/vatandpaymentinfo.dtl

Personal Rates 2008

Print (includes online access at no additional cost)
£172; US\$318; €255

Online only
£95; US\$176; €141

Education in Heart online only
£37; US\$68; €55
